Collins Aerospace is a unit of Raytheon Technologies (NYSE: RTX), an aerospace and defense company that provides advanced systems and services for commercial, military and government customers worldwide. Raytheon Technologies includes three additional highly specialized businesses:

Pratt & Whitney designs, manufactures and services the world's most advanced aircraft engines and auxiliary power systems for commercial, military and business aircraft.

Raytheon Intelligence & Space develops advanced sensors, cyber services and software solutions – delivering the disruptive technologies customers need to succeed in any domain, against any challenge.

Raytheon Missiles & Defense provides the industry's most advanced end-to-end solutions to detect, track and engage threats.

WHO WE ARE

From the smallest details to the highest pursuits, Collins Aerospace is dedicated to redefining aerospace.

With our customers, we relentlessly tackle the toughest challenges in our industry. And, every day, we imagine ways to make the skies and the spaces we touch smarter, safer and more amazing than ever.

Together, we chart new journeys and reunite families. We protect nations and save lives. And we explore the unknown.

We believe in the power of intelligence and partnership to guide our customers into the future.

The paths we pave together lead to limitless possibility. And the bonds we form propel us all higher again and again.

We are constant in our evolution.

We are connected to our customers—always.

We are compelling as we boldly step forward.

WE ARE REDEFINING AEROSPACE.
